Script for Calling Democratic Representatives:

Introduction:

"Hi, my name is [Your Name], and I live in [Your District]. I'm calling today to ask for your immediate action on a few crucial issues that are very important to me and many others in our community."

Issue 1: Obstruct Cabinet Picks Until Elon Musk Is Held Accountable
"I'm deeply concerned about Elon Musk's growing influence and his potential illegal activities within the federal government. I urge you to obstruct **all** cabinet picks until Musk is no longer allowed to wield such unchecked power. This is one of the few levers Democrats currently have, and I ask you to use it to ensure accountability, transparency, and integrity in our government."

Issue 2: Protecting LGBTQ+ Rights
"I'm also extremely concerned about the ongoing attacks on LGBTQ+ rights, particularly efforts to roll back protections. I ask you to stand firm in protecting LGBTQ+ individuals and oppose any attempts to remove or weaken their rights. We need to make sure that everyone has the freedom to live openly and safely, no matter who they are or whom they love."

Issue 3: Birthright Citizenship and Immigration
"On the topic of immigration, I am very

worried about proposals to end birthright citizenship and the continued focus on mass deportation. Birthright citizenship is a bedrock principle of our Constitution, and I ask you to defend it. We cannot allow the government to strip away the rights of families or make immigrants fear for their futures. We need compassionate and fair immigration reform, not harmful and discriminatory policies."

Issue 4: Defending DEI (Diversity, Equity, and Inclusion) Initiatives
"Diversity, equity, and inclusion are essential for building a just and fair society. I urge you to stand strong in support of DEI efforts, particularly in government and education. It's vital that we continue to promote fairness and equal opportunities for all, and that includes opposing any moves to dismantle these important programs."

Issue 5: Protecting Women's Reproductive Rights
"Finally, I'm asking you to take a firm stand on reproductive rights. Women must have the right to make decisions about their own bodies, including access to abortion and contraception. I urge you to support policies that protect these rights and fight against any efforts to roll them back."

Closing Statement:
"If you are serious about protecting the values we all stand for, I ask you to make a bold stand. Use the power you have to obstruct cabinet appointments and hold people like Elon Musk

accountable for their actions. If we don't see action on these critical issues, I will be looking to support candidates who will take stronger stances."

"Thank you for your time. I look forward to hearing how you plan to address these issues."
